### Equivalence between 2003 course and 2008 course

#### (Second Year Engineering)

#### Preamble:

Equivalences for various subjects of 2003 course were given by concern Board of Studies under the Faculty of Engineering at the time of establishment of revised 2008 course. However for a few subjects, it was recommended to continue these subjects as per SE 2003 course. After doing survey of students, who are having backlog of SE 2003 course and still continuing with the program, it is noticed that there are 5 to 10 students for various examinations are just remaining. The matter was discussed during the meeting of coordinators/BoS Coordinators in detail and it is anonymously recommended to give exemption for following subjects of Board of Studies under the Faculty of Engineering from the Academic Year 2016-17. Examinations for these subjects (TH, OR, TW) will not be held from second half of the year 2016..

The decision of the Faculty of Engineering is forwarded herewith for approval of the Academic Council of Savitribai Phule Pune University.
