*** POSCO Asia Fellowship Recruitment 2019 ***

POSCO T J Foundation operates “**POSCO Asia Fellowship**” program to support young prospective intellectuals to grow as global leaders through bachelors, masters or Doctoral courses in Korea.

The POSCO TJ Park Foundation is **dedicated to further expanding Asia’s academic and cultural networks, nurturing young talents, and sharing with our neighbors in need. By standing tall as a foundation that serves the nation and establishes POSCO as a respected company by the people**, we will be at the forefront of the efforts to make the world a more abundant and warmer place.

Tae-Joon Park, the late chairman of POSCO, established POSCO in 1968 and led the company’s development as one of the world’s most admired steelmakers with his philosophy that patriotism is best realized through self-sufficient steelmaking.

Since the founding of the POSCO Educational Foundation in 1976, Chairman Tae-Joon Park directed the company to provide quality education to residents in POSCO’s operational locations through 12 schools. He continued his efforts to nurture talent and develop a solid foundation for scientific research by establishing the Pohang University of Science and Technology, Korea’s first science and technology research-oriented university, in 1986.

POSCO Asia Fellowship is based on the ideology that better understanding between individuals, increases understanding between countries, which contributes to the world peace and mutual prosperity.

POSCO TJ Park Foundation operates ‘POSCO Asia Fellowship’ with the goal of mutual understanding through talent exchange between countries in Asia, the fastest growing area in the world.

We will establish a global human resource network in Asia through the promotion of exchange and cooperation in fellowship/scholarships with countries in Asia, and next-generation human resource development and mutual promotion of understanding.

For this, we also promote ‘Scholarship for Asian Students Studying in Korea’, an in-bound scholarship that invites talents in Asia to Korea and supports bachelors, master’s/doctorate degree acquisition, ‘Scholarship for Asian Excellent Universities’ that supports outstanding students currently enrolled in excellent universities in Asian countries, and ‘Asia Opinion Leader Fellowship’ that contributes to mutual understanding and cooperation improvement between Korea and Asian countries by inviting opinion leaders of developing Asian countries.

Looking for into the future and raising a human, POSCO Asia Fellowship promotes exchange and cooperation of Asian countries to brighten the 21st century Asian era.

The above scholarship is an opportunity only for POSCO employee’s children as well as relatives to outline their main strengths from an educational and professional perspective, their plans for future **career growth**.

Getting scholarship grant is big help especially for those who are having difficulties with their finances. The POSCO Fellowship program is one of the efforts of the POSCO T J foundation to enhance the skills pool of the Asians while allowing to Asian professionals to pursue graduate and postgraduate studies in one of the most reputed universities of the world. You have to ensure that you must be able to fulfill requirement criteria and the same is already listed in the application form.

In order to engage for POSCO Asia Fellowship program, applicant must first access on www.postf.org then download application and documents forms, fill the all required details and submit the application form and evidential documents via E-mail on asiafellowship@postf.org and keep the CC to nehaw@posco-ippc.com, and vidya@posco-ippc.com on or before **April 15, 2019 (Based on Korean time)**

Please note that the POSCO Asia Fellowship program is only applicable for applicants who wish to pursue their studies in the South Korea and not overseas.
