Dear Youth Directors

Greetings from London. As part of our ongoing collaboration with the Council of Europe, the Commonwealth Youth Programme would like to encourage practitioners in youth work to enrol for '**The Essentials in Youth Work (MOOC)**'. This course will provide insights on how youth work can help us create an enabling environment for young people in these difficult times.

Objective

The aims of the Massive Open Online Courses (MOOC) are:

- Make youth work known to a wide audience and draw attention to its social value;
- Provide an overview of youth work practices and policies; and
- Present current developments in this field.

Expected Outcomes

The learning is expected to generate the following outcomes:

- Become more familiar with the 'basics' of youth work (concepts and definitions, forms, practices, approaches, objectives, actors at European and national levels);
- Gain an overview of how youth work is supported (through policies and strategies, youth work research, education of youth workers, funding, etc.);
- Get inspired by the diverse good practices existing in Europe on different aspects of youth work; and
- Reflect on the future of youth work in Europe and on how to engage in youth work developments.

Applicants

The MOOC is for:

- Students involved in youth work studies or learners involved in non-formal education processes related to youth work;
- Volunteer or paid youth workers;
- Youth work managers;
- Responsible persons for planning youth work at municipal level;
- Youth organisations and other youth platforms;
- Those involved in youth work policy making or in funding youth work;
- Youth workers' education providers;
- Researchers; and
- Other persons interested in exploring the youth work and youth development.

Course Fee

The MOOC is free of charge.
