

ADVANCE WORKSHOP

Hands-on Training in Basic Skills in Molecular Biology

Organized by:

Department of Microbiology and Centre for Molecular
Diagnostics and Research
Savitribai Phule Pune University

What You'll Learn

Module I – Rs. 3500/-

Isolation & Restriction Mapping of Plasmid DNA

- Plasmid Isolation
- Restriction Digestion
- Construction of Restriction Map

Module II – Rs. 3500/-

Plasmid Cloning & Analytical Techniques

- Construction of Recombinant Plasmid
- Bacterial Transformation

**Both Modules Combo Offer:
Rs. 6000/-**

Choose either one or both!

Tentative Dates

Batch I: 26 – 30 May 2025

Batch II: 2 – 6 June 2025

(subject to batch I filling)

Duration: 5 Days

Batch Size: 20 students

Who Can Attend?

Undergraduate and
Postgraduate Students
of Life Sciences

What's Included?

- Study Material
- Registration Kit
- Certificate on Completion

LIMITED SEATS AVAILABLE! First Come, First Serve Basis
