### ADVERTISEMENT FOR THE POST OF JUNIOR RESEARCH FELLOW

Applications are invited from the eligible candidates for the post of a Junior Research Fellow in the ISRO funded project titled "Sea-level Changes during the Late Quaternary period and Environmental Impact Assessment along with West Coast of Maharashtra, India: Implications to Climatic Change".

Junior Research Fellow (JRF) position is purely on a temporary basis for a period of one year, at the Department of Geology, Savitribai Phule Pune University. The details are as follows:

|                          |                                                                                                                                                         |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Funding Agency           | ISRO-SPPU Joint Research Program                                                                                                                        |
| Name of Position         | Junior Research Fellow- 01                                                                                                                              |
| Tenure                   | 1 year (extendable till project tenure based on satisfactory performance)                                                                               |
| Category                 | SC                                                                                                                                                      |
| Fellowship               | Rs. 31000/- +HRA (admissible) per month for CSIR/UGC-NET, GATE qualified candidate.                                                                     |
| Essential Qualifications | M. Sc. in Geology / Geoinformatics / Remote Sensing / GIS with minimum 55% marks or B+ grade from a reputed university with UGC/CSIR-NET/ SET qualified |
| Desirable Qualifications | The candidates with experience in the areas of Coastal Geomorphology, Remote sensing, climate change, Sea level changes modelling                       |
| Age                      | 28 years, with relaxation of age as per the norms                                                                                                       |
| Department               | Department of Geology, Savitribai Phule Pune University                                                                                                 |

Eligible candidates may apply with relevant documents along with cover letter and RESUME containing e-mail and contact phone number. The applications should reach to Dr. Milind A. Herlekar (Principal Investigator), Department of Geology, Savitribai Phule Pune University, Pune-411007 Email ID: [milindaherlekar@gmail.com](mailto:milindaherlekar@gmail.com) within 15 days from the date of this advertisement. Considering the time-bound nature of project, if candidates from the given category are not found suitable, candidates from other category will be recruited as per rules. Shortlisted candidates will be informed by email regarding the date, time and venue of interview.

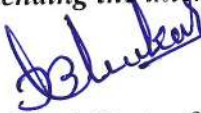

*Note: No TA/DA will be paid for attending the interview.*
