Positions Open

03/09/2021

Applications are invited for 4 posts of Project Assistant (1 Open, 1 SC, 1 OBC, 1 DT-A), to work at CSEC (Formerly known as Science Park), Savitribai Phule Pune University.

Duration of the Post: One year to begin with

Emoluments: 15,000/- to 35,000/- fixed depending upon qualification and experience.

Necessary Qualification:

B.Sc. in (Chemistry, Life Science or mathematics) / M.Sc. (Chemistry, Life Science or mathematics) / B.E. or Equivalent to above mentioned qualification are most welcome.

Minimum experience: B.Sc. with 2 year / B.E. with 1 year is required in the field mentioned in desirable qualification.

Desirable: Working experience with school children, Teacher's training programs, innovative experiential methods of teaching.

We are looking for young and enthusiastic persons whose passion is teaching science at school level. Center for Science Education and Communication (Formerly known as Science Park) develops innovative interactive exhibits and exploratory laboratories. Kit development, development of science toys, demonstration experiments will be a part of the work. Out of the box thinking, ability to work with hands and tools, creative thinking are desirable qualities.

Necessary document: A one page note explaining why you are suitable for the posts focusing on your experience on teaching at school level. We are NOT interested in conventional teaching experience of teaching in school as school teachers.

How to Apply:

Plain-paper application, including a cover letter and resume/CV, should reach the office on before 18th September 2021 via email to scpsppu@gmail.com. **The copy of caste certificate should be attached in the email.**

Resume should include in the list: full name, contact information (address, email and mobile number), date of birth, Category, educational qualification and relevant experience. The relevant experience should clearly state the nature of the work carried out, the place of work, the level of the class. We prefer experience with 5th - 9th standard in science and mathematics.

If you have designed any innovative kits, tools or carried out any workshops for teachers/students (School only) kindly mention these also.

Selection:

Candidates found suitable in preliminary screening will be notified via email or SMS. The selection process may involve one or two days to test various abilities required for the posts. No separate interview call letter will be sent. The selected candidate is expected to join within one week of the date of the offer letter.
