Online Lecture Series

QUALITY OF LIFE AND READING

December 17, 2025
11.00 AM TO 12.00 PM

Lecture 2

About the Talk

Reading is a powerful and accessible tool that enhances quality of life across cognitive, emotional, social, and practical dimensions. Promoting reading habits not only supports individual well-being but also helps build stronger and more informed communities.

There are many inspiring stories about how reading has transformed lives. We are pleased to share such success stories with you. One of them is the story of **Prof. Sanjay Dhole**.

Prof. Sanjay Dhole's research interests span accelerator and radiation physics, nuclear physics, radiation-induced defects, diffusion, and related fields. He has an extensive academic record, with more than 200 research papers published in national and international journals, three book chapters, and over eight books, including *Pratishodh*, *Premacha Renu*, *Ashmajeer*, *Sankarit*, *Dimbhak*, *Khujaba*, *Planton*, and so on in Marathi. He has also authored several science fiction works in both English and Marathi.

In recognition of his significant contributions to the field of physics, he has received numerous awards, including the Sahitya Sadhana Puraskar and the Dnyanjyoti Award, among others.

He will speak about his publications and share his insights on how reading can transform our lives.

Resource Person

Dr. Sanjay Dhole

Retd. Senior Professor
Department of Physics
Savitribai Phule Pune University
Pune - 07

Workshop Details

Date: 17 December 2025

Time: 11.00 am to 12.00 noon

Mode: Online via Zoom

Open for: All

Registration: 11-16 December 2025

Note:

- This lecture series is free to all
- Last Date of Registration: 16/12/2025
- No certificate will be given
